Where quality, service, & integrity meet

Take your company to
the next level of
performance with
Heartland's FAS-LOK
series of thread
lockers and retaining
compounds.

*Fas-Lok products
save You TIME and
MONEY!!!*

Heartland Adhesive's anaerobic adhesives and sealants represent the latest generation in anaerobic chemistry.

Anaerobics remain liquid when they are exposed to the oxygen in air but in the absence of air, (or anaerobic environment) these products quickly polymerize while filling the inner space between two metal surfaces.

Part of the
FAS-LoK series
